

Community Tax Centers Income Guidelines

General Income Guidelines

To be eligible for free income tax preparation, your household must meet the following:

- ***Less than \$50,000 in annual income for a household with up to 4 members***
- Less than \$55,000 in annual income for a household of 5
- Less than \$60,000 in annual income for a household of 6
- Less than \$65,000 in annual income for a household of 7
- For households greater than 7, add \$5,000 for each additional dependent

Round Rock Public Library

Our Round Rock site has slightly different income guidelines. You do not have to be a resident of Round Rock to have your taxes prepared at this site. Our Round Rock site will prepare returns for any Central Texas resident who meets the following income guidelines:

- Less than \$50,000 in annual income for a household with up to 2 members
- Less than \$53,950 in annual income for a household of 3
- Less than \$59,900 in annual income for a household of 4
- Less than \$64,700 in annual income for a household of 5
- Less than \$69,700 in annual income for a household of 6
- Less than \$74,300 in annual income for a household of 7
- Less than \$79,100 in annual income for a household of 8

Single Filers

You may recall that in past years we've only served single filers with annual incomes of \$25,000 or less. We've lifted that requirement this year. *If you're a single filer, we'll prepare your return if your annual income is \$50,000 or less.*

Questions?

If you have any questions about our income guidelines, please send an email to: taxes@foundcom.org
