

# Make Savings Automatic

If your employer offers direct deposit, you can have part of your check deposited into a savings account and the rest into checking for your bills and expenses. You can also transfer money from a checking account to a savings account automatically using the bank's website.

Automatic transfers are a hassle-free way to save money; you'll be surprised at how quickly it adds up!

Want to make your tax refund go further?  
Ask your tax preparer about  
***Split Refunds*** and ***Savings Bonds!***
